

United Brotherhood of Carpenters
and Joiners of America
LOCAL UNION NO. 22

March 24, 2011

President Christina Olague and the
San Francisco Planning Commission
1650 Mission Street, Suite 400
San Francisco, CA 94103

Re: California Pacific Medical Center (CPMC) Project

Dear President Olague and Members of the Planning Commission:

Carpenters Local 22 urges your support of the California Pacific Medical Center (CPMC) project.

During this dismal economic climate many of our brothers and sisters have been desperately searching for work. This development would not only place good jobs in the hands of our carpenters, but it would also generate much needed revenue for the city of San Francisco. It is the right project being proposed at the right time. With your approval, this hospital will become a state of the art facility that will benefit our workers and the citizens of San Francisco.

We hope that the Planning Commission recognizes the great opportunity before us and approves this project without delay.

Respectfully,

Manuel Flores, Jr.
Marketing Representative

cc: Mayor Edwin Lee
San Francisco Board of Supervisors President David Chiu
San Francisco Board of Supervisors
